

MY

BACKGROUND

B.Sc. In Biochemical Engineering (Switzerland)

2009

MRes (University College London CoMPLEX)

2010

PhD (UCL CoMPLEX | UCL Biochemical Engineering)
Automated Analysis of Light Microscopy Images

2014

Senior Research Associate (UCL Computer Science)
Threat Detection in Security Imagery

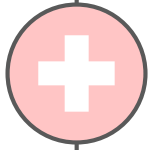

2017

Chief Technology Officer (Visulytix Ltd.)
Manage the data science and software engineering teams
AI Productization, Operations, Strategy, and Regulations

MY

BACKGROUND

B.Sc. In Biochemical Engineering (Switzerland)

2009

MRes (University College London CoMPLEX)

2010

PhD (UCL CoMPLEX | UCL Biochemical Engineering)

Automated Analysis of Light Microscopy Images

DEEP LEARNING

2014

Senior Research Associate (UCL Computer Science)

Threat Detection in Security Imagery

2017

Chief Technology Officer (Visulytix Ltd.)

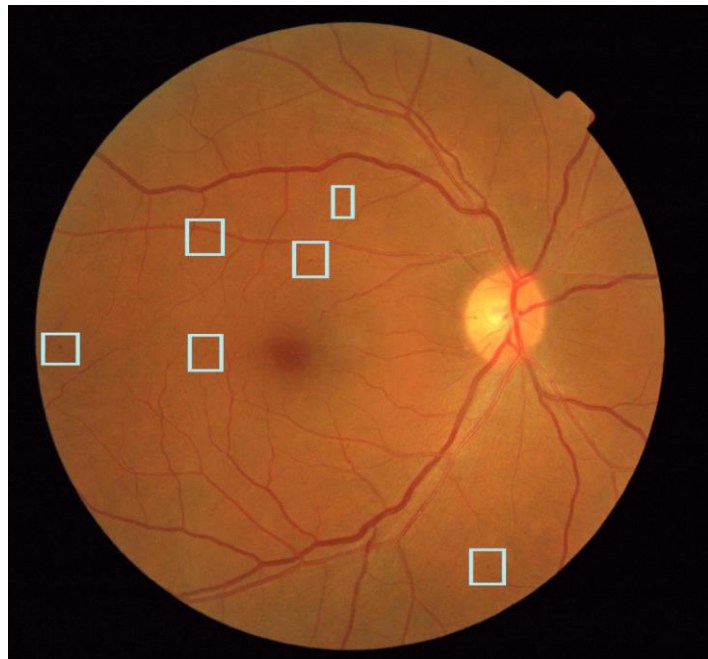

Lead the data science and software engineering teams

AI Productization, Operations, Strategy, and Regulations

AI to prevent sight-loss

OUR COMPANY
 ISULYTIX

 **PEGASUS** - Clinical Decision Support for Ophthalmology

Improves patient outcomes in **125** countries through a collaboration with Orbis

MY PERSPECTIVE ON DATA

Data in AI for healthcare...

Is **essential** but **not sufficient** for AI productization

Can be a significant **competitive advantage**

Is **very expensive**

Should always be considered **biased**

Is subject to **stringent** and sometimes **ambiguous regulations**

Is not always **“ethically acquired”**
